<sup>\* -</sup> No data

n - Number of harvests reporting stumpage price for the product.

Grey shaded cells have very low response rates and are of very limited value.

North: Caledonia, Essex, Franklin, Grand Isle, Lamoille, Orleans

Central: Addison, Chittenden, Orange, Washington South: Bennington, Rutland, Windham, Windsor

The stumpage figures shown in this report are intended to be indicators of relative stumpage value and not a measure of market price for any future timber sales **Please use for guidance only.**
